This division is for the kids that are still standing on the fence to have a chance to hit the track during the day. Let's keep it fun and safe for them!

A child may run this division until they start racing in the motored kart class such as Novice or Rookie.

Any infractions to the rules will be asked to be corrected by the next event. If you fail pre tech, you cannot race that kart. You may see if there's another kart to borrow for the day. Continued tech failure will result in a division ban... This would be the fault of the parent, not the division.

All tracks and race directors have the right to perform adjustments and decisions based on safety accordingly.

We will continue to do our best to make this a fun and fair event for everyone.
